PG Recovering from last week's storm

Power outages in many neighborhoods after several storms hit the Pleasant Grove area Monday night.

According to Entergy, about 75% of its customers lost electricity.

Math teacher Michelle Mitchell was one of the last to get her power back on.

"Sleeping with no power isn't that bad," said Mitchell. "But if you don't do something you want to do before night falls, then it's really hard to do anything.

For other victims of the storms, the week has been lonely, having to rely on family and friends to help with their problems.

Blythe Martin's house was crushed under a tree as a result of the storm, making it difficult to go about their daily lives.

Blythe's family's power was eventually restored at 10:30 p.m., two days later, but restoring power to the city was only the first step.

The city is still recovering, and people's homes and businesses remain damaged.

Don't talk about RACE

Students provide perspectives on stigma surrounding discussion on race

Jordan Zywnski  Sports Editor

Everyone is talking about what happened, yet no one will talk about it.

Beyoncé produced and performed a hit song criticizing Kendrick Lamar exposed it during his Grammy performance, Chris Rock, while hosting the Oscars, opened it into a scalding poke. The "F" is racism. It makes headlines. It is controversial and sensitive. It is treated as taboo.

For Vivian Rohe, niece, and many other individuals, racism affects their lives.

"When I was six, I was at a dance competition and they wouldn't let me change in the dressing room with everyone else," Vivian said. "When I was nine, I was at a restaurant after a competition and a group of girls walked past me and said, "Why did they let those F---s in?"

Racism exists. And with yesterday ending Black History Month, the importance of discussing issues like racism is raised. Yet, while recognizing the accomplishments and resilience of a race, we must also think of the racism that undeniably plagues it.

What is perceived as "racist" can range from the most extreme situations to microaggressions, such as making insensitive...
What Does It Mean to be an American?

The Fourcast takes a look into multiculturalism and how Hypenated Americans find a place in our society.
Art, whether visual, visual, or otherwise, is often a solitary pursuit. However, at Sandpoint High School, there are four student artists who challenge that norm in their creative endeavors.

by Sarah Wells, Photo Editor &
Wesley Jordan, Staff Writer

Orion & Reid
Goetgheber

What began in their art class as a way to unwind and explore their interests, Orion & Reid Goetgheber soon found themselves creating pieces that pushed the boundaries of their artistic style. "I think art is the best way to express your emotions," Reid says. "Art is a form of self-expression, and I like to use it to explore my thoughts and feelings." Orion agrees, adding that art allows them to "think outside the box" and explore new ideas in a creative way.

Cal & Camrin
Dennova

Music artists

Below, Camrin and Cal's music recording and producing equipment.

Simultaneously, Dennova has been working on a series of music videos for his own projects, often collaborating with other artists to create something truly unique. "I love the idea of creating music videos that tell a story," he says. "It's a way to bring emotion and meaning to the music, and I think it's a powerful tool to engage with my audience." Camrin, on the other hand, is focused on the technical aspects of music production, often experimenting with new software and plugins to create innovative sounds and textures.

Both artists have a shared passion for their craft and a desire to share their art with others. "I want people to feel something when they listen to my music," Cal says. "I want it to be emotional and connect with them on a deep level." Camrin echoes this sentiment, adding that "music has the power to move people, to inspire and to heal. It's a language that everyone understands, and I'm grateful to be a part of it."

LET'S TALK ABOUT SEX ED, BABY

It’s a hard topic. Parents dread saying it, children dread hearing it and, most of all, schools dread discussing it. The phrase “sex education” triggers extreme reactions in most people, but should it be a part of our curriculum?

>> page 14

Texas High School • 4001 Summerhill Road, Texarkana, TX 75503 • tigertimesonline.com
WHY OUR SCHOOL IS SILENT
TISD officials address why we lack a sex education program

By LAUREN BURNHAM

Many believe that parents should be the ones responsible for teaching their children about sex, but the reality is that this isn’t always the case. While schools may not provide the necessary education, there are ways parents can still make sure their children are informed.

The lack of sex education in schools is a major concern for many parents. In a survey conducted by the National Campaign to Prevent Teen and Unplanned Pregnancy, 70% of parents said they would prefer their children to get sex education at home rather than at school.

Parents are often hesitant to talk to their children about sex because they feel uncomfortable or unsure of what to say. However, it is important to have these conversations as it will help prepare their children for future situations.

Some parents believe that sex education is not necessary because their children will learn about it from their peers or through media. While this is true to some extent, it is important to make sure that the information their children are receiving is accurate and age-appropriate.

In addition to providing the necessary information, parents can also discuss the emotional and physical aspects of sex. They can talk about the importance of making responsible decisions and the potential consequences of not doing so.

Overall, it is clear that schools need to provide better sex education programs. By doing so, they will be helping to prepare their students for the future.

A Touchy Subject

MORE THAN JUST MEDIA

Sex Education has to be more than just from the Internet

THAT'S A WRAP

TV skips over the most important parts of sex, causing a need for proper education

LATEST TRENDS

Pregnancy Rates in America

- TX: 31% of teen girls
- MA: 21% of teen girls
- NY: 20% of teen girls
- OH: 18% of teen girls
- CA: 16% of teen girls

Teen birth rates have been on the decline, with the lowest rates ever recorded.

TITUS-WASHBURNE SURVEY

What are your thoughts on the decline in teen birth rates?

- 75% of respondents believe it is due to better education
- 20% believe it is due to the Pill
- 5% believe it is due to better sexual abstinence

The decline in teen birth rates is a positive sign, but there is still work to be done to ensure that all teenagers have access to the information they need to make informed decisions.
gender

noun | gen·der | /ˈjen-der/

1. the state of being male or female (typically used with reference to social and cultural differences rather than biological ones)

The notion is spreading to include a more relevant sociology in which all adults and trans* are treated equally through a better understanding of who they believe themselves to be. With a growing visibility of transgender rights, the dial law is quickly shifting towards exploration of the intersectional experiences of gender.

In high schools, transgender students are often ostracized. From being referred to as certain terms to being excluded from sports, stereotypes that are often perpetuated are often used to mistreat the minority to assert their presence in society.

"A trans* person is someone who identifies with a gender that does not match the sex they were assigned at birth," said a spokesperson for a trans* rights organization. "Trans* people are often ostracized because they do not conform to binary gender norms."

Yet, with the changing world, the increased visibility of transgender rights, and the growing awareness of the importance of including transgender voices in the conversation, we are seeing a shift in the way society views trans* people. The goal is to ensure that trans* people are given equal opportunities and rights, just like any other individual.

the highlander • march 4, 2016
Kansas City was a baseball town through and through. The Royals were a team that had fans all over the country, and the city celebrated every win as if it were the World Series. The feeling was contagious, and everywhere you looked, people were decked out in blue and white, cheering on their beloved Royals.

The playoffs were exciting, but the World Series was the ultimate goal. Fans gathered in the streets, honking their horns and waving flags, as the Royals took on the best teams in baseball. The games were intense, but the excitement never waned.

When the final out was made, the crowd erupted in cheers. The Royals had done it! They had won the World Series, and the city celebrated with parades and parties all throughout the night.

It was a moment that will be remembered for years to come. The Royals had brought baseball to the heart of the city, and the fans had shown their support every step of the way. It was a win that everyone could enjoy, and it brought the community together in a way that nothing else could.

The celebration continued throughout the week, with parties and events throughout the city. The Royals were champions, and the fans were celebrating every moment of it. It was a time of joy and happiness, and it brought the city together in a way that was unlike anything else.

The Royals had won the World Series, and the city celebrated with them. It was a moment that will be remembered for years to come, and it showed that the Royals had the support of the entire city.

The World Series had brought the city together, and the Royals had won it all. It was a moment of pride and joy, and the fans were ready to celebrate for years to come.
Little Hawk sports staffers Jim Geerdes and Lydia Kaufmann get one-on-one interviews with their top picks for freshmen to watch during the 2015-16 school year.

EMMA COOPER

Standing at nearly 5-foot-9, Emma Cooper is a force to be reckoned with on the soccer field. Despite her height, she has the speed and quickness to keep up with the younger players. Emma is a key player for the City High girls’ soccer team, and her leadership is evident on and off the field. Emma is a great addition to the City High team and will be a valuable asset for the rest of the season.

ELLIE EVANS

Ellie Evans is a junior at City High and a member of the volleyball team. She has been a key player for the team for the past three years and has helped lead the team to several conference championships. Ellie is a great asset to the team and is always ready to step up and make a big play.

KYLE HUFFMAN

Kyle Huffman is a senior at City High and a member of the wrestling team. He has been a key player for the team for the past four years and has helped lead the team to several conference championships. Kyle is a great asset to the team and is always ready to step up and make a big play.

ABBY POSTMAN

Abby Postman is a junior at City High and a member of the dance team. She has been a key player for the team for the past three years and has helped lead the team to several conference championships. Abby is a great asset to the team and is always ready to step up and make a big play.

BEN STEVE

Ben Steve is a senior at City High and a member of the baseball team. He has been a key player for the team for the past four years and has helped lead the team to several conference championships. Ben is a great asset to the team and is always ready to step up and make a big play.

RYLAND THREKOLD-WIEGAND

Ryland Threhold-Wiegand is a senior at City High and a member of the track and field team. FOOD FOR THOUGHT
New lunch options in cafeterias meant to appeal more to students' preferences

NYSSA DIAO // STORY

This semester, the “Fast Track” lunch line in the main cafeteria began to serve food through the use of “top it” bars. These bars serve Mexican, Asian and Italian foods, as well as potato skins and salads, and they allow students to choose toppings they would like on their lunches.

Sophomore Katherine Long has school lunch two or three times a week and said the addition of the line has allowed school food to be viewed in a more positive light.

“I was not expecting the best from this (change) to be honest,” Long said. “I was expecting it to be pretty bad, but there’s a lot of different things up there. You can’t be 100 percent healthy, but it gives you an option to put what you want in (your lunch).”

According to CHS cafeteria manager Theresa Quadri, the cafeteria planned on including the bars as part of the menu last year, so they wanted to try them out to see whether or not they actually wanted to include them.

“Last semester, there were very few people in the ‘Fast Track’ line,” Quadri said. “We didn’t offer a great deal back then, and now ‘Fast Track’ is a booming place.”

Long said the new options have changed how she views school food.

“(The food) was very bad before,” Long said. “You didn’t have a choice; you just kind of had to get what was on the menu and you had to get it this way … or you couldn’t get it at all.”

She said although the new line has improved the lunch quality, she recommends the cafeteria work on having enough food for later lunches.

“When you get a late lunch, I’ve heard there aren’t as many options because they’re just gone,” Long said. “I don’t have D lunch personally, but people I know have told me about how they get there … and there’s literally nothing left.”

Quadri said she encourages students to tell the cafeteria staff their feedback on the new menu items.

“I really would like the kids to get more involved because I want to carry what (they) want to eat because I want (them) to eat here,” she said. “I love (the changes) because … it’s nice to go and have exactly what you want in your lunch.”

MIND ON THE MENU
Check out what will be available on the menu next week.

Monday: Chicken Parmesan Pasta, Chicken Parmesan Sandwich

Tuesday: Bacon Cheeseburger Macaroni & Cheese

Wednesday: Chicken Potato Bowl, Chicken Nuggets

Thursday: Cheese Quesadilla Soft Shell Beef Tacos

Friday: Chicken Roe Bowl

*Only available at the main cafeteria

For full menus, visit www.shattuck.org/food-service/menus.
