Just up the hill, on the east side of town.
You know the place. Do you know **WHAT HAPPENS HERE?**
It may have an ugly **GREEN ROOF**,
but the view of the *mountains* from room 512 is amazing.
949 of us walk through the doors every day
(950 if you count **Remi**).
We aren't just going to school; we're building a community.

We might ask you what your Advisory number is
Because we **BELIEVE IN YOU!**
Feeling like a 4 today?
Kegan Swain will cheer you up, 'cause he is an **8.8885**.
We know the *rumors of a POOL* might not be true. *Or are they?*
We also know that every award in the Journalism display case is 100% real!
We've got a Robotics team that *dominates* and a Jazz Band that **rocks!**
Don't worry, we've got this.

This is where you shout for your team at the **EAGLE SCREAM RALLY**
"Sierra, do you love us? We are Falcon!"
Then join in the **Sierra cheer** that brings everyone back together.
"Eagles! Get loud! Show me you're proud!"
We're dedicated, motivated and sometimes, totally *reckless*.
And sports? Yeah, we do that too.
Like when Jackson Parril crossed the *finish LINE* 40 seconds ahead at Districts.
Or when Maddison Neal scored 14 points in the game against Sagewood.
We celebrate the individual **and** the team
Because we know that each of us defines all of us.

A: "Posting on Instagram is the easiest way to share my work and it's one of largest social media platforms out there right now so it's perfect for me," William Beller said.

Q: Why do you take photos instead of cherishing the moment?

A: "I take photos so I can look back on the moment and even share the moment with others who weren't there and to maybe even inspire them to go live out the moments themselves," Collin Chase said.

Q: What does a photo mean to you?

A: "A photo shares a unique moment from a unique perspective that can wow people," Beller said.

Q: Why did you start photography?

tell me about K-POP

"K-pop has an amazing style. There are very versatile concepts, but each one is unique. I really enjoy how each artist goes to the length of keeping an aesthetic, but are still able to be themselves and show it through their music."

-Alina Bruce, 07

"I like K-pop because the lyrics are more meaningful than other Western artists. They reflect on things like self love and societal issues."

-Aliyah Giem, 07

"Through K-pop, I've made some of my closest friendships. I have people I connect with from Sweden to the Philippines, and I'm ever so grateful. K-pop has really shaped my identity."

Rachel Bloomfield, 07

"I love K-pop because the music and the lyrics, despite it being in a different language is still so reliable and powerful. So many people around the world can become empowered."

Georgia Gower, 07

"I love K-pop because of the versatility. There are tons of different artists and music styles, from cute to crazy. The music can always lift my spirits, no matter the circumstance and the artists work so hard to create great music!"

Kaitly Kelly, 07

"I love K-pop because of the artist's hard work and dedication. K-pop idols train for hours everyday and perfect singing, dancing, and rapping just for their fans. I always love to show my favorite artists the appreciation they deserve."

HAWK

H.A.W.K. Stick together every day x2. Hawk's the favorite team. We dare you to try. We are INCREDIBLE.

PHOENIX

Hey now, we're team Phoenix, get your smile showin'-to-day. All our hard work is gold, and team Phoenix will never get old. GO TEAM PHOENIX!

FALCON

Sierra, do you love us? We are Falcon, we are flying high above you. We'll come back, cause we're good friends.

TELLURIDE

Telluride is back with a brand new edition. Guardians, grab a hold of me tightly. Soaring with Falcons daily and nightly.

WOLF CREEK

We are Wolf Creek. Mighty, Mighty Wolf Creek. We work together as a pack, and we always have each others backs. We are eagles, we spar high.

SNOWMASS

Somebody once told me that Snowmass ruled the school and said that we are pretty cool.

"Even though we lost I liked the team spirit, especially Falcon. When Mr. Tucker did his unexpected flip, it was surprising, unexpected, and amazing. It was mesmerizing. I was looking forward to the rally because I thought the Phoenix cheer was good but when I heard Falcons', I knew they had it."

-Ore Olawale
 "I loved the Falcon cheer and Hawk dance. They were both cool and well put together. I thought Falcon winning was unexpected because Hawk wins every year."

Interview with Kaden Partridge

Q: Why did you decide to join robotics?

A: "Well before I joined I had previous knowledge of robotics because I took Mr. Swiryn's 7th period class and I have had some programming and robotics experience out of school."

Q: What was the best part of doing robotics?

A: "I will say we did win a lot of competitions, especially in maze runner, battle bot, and in tractor pull. But it was very satisfying and made me happy when we won."

Q: What was most challenging for you personally?

A: "It's definitely a little bit of a tie between designing a code to fight another robot in the battle bot part of the competition or designing the robot to be center heavy for the tractor pull. That was to make sure the robot didn't tip."

Q: Did the robotics season go well?

A: "I say we did really well and especially for Sierra in a whole. We took mostly first place and some second places with the occasional third here and there."

1. HAYLEY GARCIA is in love with art and has been doing it for years. She had done drawings that have made it to the art show in DCSD. Many people know her for her passion of art! "Art helps me get my emotions out and is something that is a big part of my life. It makes me the person I am. I started doing art in third grade. I've always admired the aesthetic of Japanese culture and their art. I got inspired by multiple images and styles that they use in paintings and drawings," Garcia said.

Making T-SHIRTS
Students design shirts

Step 1: When making a shirt, you are going to have to first, make your design and second, cut it out. "My favorite part about the shirt project was that we were able to choose our own idea and we didn't have any barriers," William Harbason said. *photo by E. Coons*

Step 2: The second step in making a shirt is laying out your design the way you want on the shirt. This step is really crucial, if you place the design crooked on the shirt, when it's done in the press it will also be crooked. "I was designing two shirts that had two of my dogs," Brandon Oster-Wickstrom said. *photo by E. Coons*

Step 3: Once you have laid out your design on the shirt is to have your shirt pressed. The shirt press gets really hot and bonds the ink from the design to the polyester fibers of the shirt. "The shirt and design are layered on between pieces of Teflon and placed in a large heat press. The shirt and design are pressed together at 400 degrees for 30 seconds," Adam Thornton said. *photo by E. Coons*

Step 4: Once the shirt is done being pressed you must let it sit to cool down. To assure the design is in the shirt. "I liked being able to customize my own apparel," Avery Smith said. *photo by E. Coons*

We asked Angelina Moschetti about her thoughts on our school assemblies.

Q: How were you feeling on the first day of school?

A: It was crowded and there were a bunch of people. I was confused because I didn't know about the school.

Q: What were your thoughts on Brooks Gibbs?

A: I thought it was interesting the way he expressed bullying. Kids kept pulling out forks.

Q: What was your favorite part of the resilience assembly?

A: My favorite part was when he told his story about being bullied in school and expressed how he felt.

Q: What is something valuable you learned from the Dr. King assembly?

A: I learned how important Martin Luther King Jr. was and how he ended segregation in America.

Students converse in Advisory classes

Q: Why is being in Student Council an important position to be in?

A: "I really enjoy that the people and getting to work with them to make the community and our school a better place. Student Council has helped me learn how to be a better leader for other activities that I am in, such as lacrosse," Allison Gibowicz stated.

Q: If Advisory wasn't in any of our schedules this year, how different would the school environment be?

A: "It would be different because the students would not be able to express themselves, have the same relationships with the kids in the class, and not get a break from the regular classes," Addison Holland said.

LIFE An interview with the Bellers and Nelsons about life with a fraternal twin. *by L. Rogers*

definitely more social than me. (Josh Beller). Me and Will will always have different friends. (Mikayla Nelson). I prefer having just a few friends, because it's nice to know that we don't have to deal with some kind of drama every day.

Q: What do you think about being a twin?
A: (William Beller): Being a twin brings a closer bond between me and my brother. (Brooke Nelson): I don't know what it's like to be a twin because I don't know what it's like to not be a twin (Mikayla Nelson): Being a twin is a pretty interesting. One minute, it seems normal, and then the next minute, I realize how cool it is, how I have a person who is my exact opposite.
Q: Is there a huge difference between social groups?
A: (William Beller): Yeah, for sure we have different friends and my twin Josh is

Austin Alpert and Sawyer Judd share a passion for hockey. *by B. Alpert and W. Judd*

"Hockey is amazing because it is like walking on ice and going fast. It makes my adrenaline rush and is really fun."
Sawyer Judd, 07

Q: What brought you to hockey and how long have you been playing?

A: (Alpert) My grandpa played in the NHL, and I've been playing since I was 4 years old. (Judd) When I was 4 years old my brother and I started playing hockey. He stopped and I kept going.

Q: What's your biggest accomplishment?

A: (Alpert) I was captain for my team this year, it was the first time I have ever been captain and I felt accomplished and proud. (Judd) I won the St. Louis tournament when I was a peewee.

 and more. *by N. Cahill*
the journey

"You can always make more money but you can't always make more memories, so take advantage of every chance you have."
Alek Hartleben, 07

Q: What started this passion for traveling?
A: It all started when I went to Florida and just loved it. I enjoyed seeing the difference between Colorado and Florida.
Q: What has been your favorite destination?
A: I loved going to the Bahamas. Just seeing the ocean in the morning or hearing the animals just made the experience ten times better.
Q: Where do you plan to go next?
A: I am going to Hawaii in March for the

second time. I am very excited. Last time it was breath taking.
Q: What do you enjoy about traveling?
A: I like seeing all the cultures and how they differ each trip, especially places out side of the United States.
Q: How has traveling changed you as a person?
A: It allows me to understand people so I can relate with people when I am older and now.

TRAIN your dog
Ava Reeves trains her dog, Annabelle, for the 4H program.

"I wanted to do 4H because of my love for dogs, and I had stopped playing sports and I wanted to be a part of a community."
Ava Reeves, 07

Q: What kind of training do you do?
A: Annabelle and I do obedience, rallying and showmanship training.
Q: How many first place awards do you have?
A: We have three first place awards in total.
Q: What type of dog is Annabelle?
A: Annabelle is a sheep dog.
Q: How long have you been doing 4H?
A: I started pretty much right after we adopted Annabelle. She was already trained and groomed when we got her, so we decided to just keep it going.

PAID to ride
Ethan Bateman is a sponsored scooter rider that gets free parts. *by L. Nevers*

Q: Describe your best trick.
A: My best trick is a triple tail whip. I go off of the jump, I kick the deck and it spins around 3 times before I catch the deck and land.
Q: Why do you like this sport?
A: I like this sport because it is fun and it is what makes me happy. I also get money for riding my scooter which is really cool because it is basically a job to me now.
Q: Tell me about your sponsorship.
A: I am sponsored by Lovo Wheels. It is a wheel company that gives me free wheels and other cool accessories, like clothing and stickers.

"Scootering is fun for me and it is an exhilarating sport. It gives me this amazing adrenaline rush kind of feeling, and I love it. It's just the kind of sport that makes me happy, and when I am sad, it cheers me up and somehow it gets rid of my anxiety." *Ethan Bateman, 08*

Q: What do you do for your sponsor?
A: I get clips of me riding so I can post them to Instagram for Lovo Wheels. Sometimes they post my clips on their Instagram. Then they will tag me and I will get more followers.
Q: What is your dream trick?
A: My dream trick is backflip britwist kickless. A backflip is when you flip your body and land. A britwist is like a bri flip with a bar twist combined. A kickless is when you kick your deck out and when it is half way through you have to bring it back.

Tyler Pearl and Lucy Johnson
 are experts at Taekwondo.
by A. Davis and S. Sanchez

"Taekwondo is an activity that helps kids
 build up their self confidence and it makes
 them want to stand up for themselves,"
Lucy Johnson, 07

Q: When did you start doing Taekwondo?

A: (Pearl): I was 10 years old when I started doing Taekwondo. (Johnson): I started in third grade at 8 years old.

Q: What color belt have you earned?

A: (Pearl): I have earned a black belt, it took me 2-3 months to get it. (Johnson): I have earned a third degree black belt.

Q: What do you enjoy most about Taekwondo?

A: (Pearl): That I can always get my anger out on people that are willing to let me hit them. (Johnson): My favorite thing about Taekwondo is learning self defense.

SEEK Jamie Sparks has many talents, one of them is hunting. *By C. Gooding*
your game

Q: What do you like most about hunting?

A: I just like to be free and normally without Wi-Fi.

Q: What is the best time to hunt?

A: When its season, so like October, for white tail archery.

Q: What is the most interesting thing that has ever happened when you were out hunting?

A: When my friend took out the deer heart when we were cutting it.

Q: What type of gun do you use?

A: It depends on what I'm hunting. For deer I usually use a 223.

"We tend to always have food in the car and this day it was potato chips so I took those because we were going to be out for a while." *Jamie Sparks, 08*

Q: What is the hardest thing to hunt?

A: Smaller animals because they are a smaller target and they move a lot faster.

Q: What is your least favorite part of hunting?

A: I don't like knowing that we split up a family.

Q: How long have you been hunting?

A: I think for about 11 years.

Q: Who do you hunt with when you go hunting?

A: I go with my dad and my step mom.

NEW Taylor Wilson and Maddison
 Broberg moved in the middle
 of the year. *by Lakeman*
to the school

Q: How do you like the school so far?
A: (Wilson): I like it so far, and I like all the teachers. I feel that when I get more friends at the school it will be a bit better. (Broberg): The school is so much smaller than Cresthill but I had no problem making friends.

Q: Have you made any new friends yet this year?
A: (Wilson): Yes, the first day an ambassador for the school named Kaylee showed me around and we quickly became friends. (Broberg): Everybody is so nice so I didn't have any trouble making friends.

Q: Why did you move?
A: (Wilson): I had to move schools because I moved into a different house and this school is closer to my house. (Broberg): I moved schools because we were living in a two bedroom apartment so we got a bigger house.

LEAP and flip
 Rachel Dieringer and Alexis Mapp share their devotion to gymnastics. *by W. Beiler and R. Rosenfeld*

"Gymnastics is a sport that teaches you respect, challenges you, and keeps you concentrated."
Rachel Dieringer, 07

Q: How long have you been involved in gymnastics?
A: (Mapp) I started last summer in 2017 and have been practicing and competing ever since. (Dieringer) I started when I was six and a half and have been in the sport for 6 years.
Q: How often do you practice gymnastics?
A: (Mapp) I practice gymnastics three times a week on Tuesdays, Thursdays, and Saturdays. (Dieringer) I practice four times a week, 15+ hours.
Q: What is your favorite part of gymnastics?
A: (Mapp) I like how competitive gymnastics is but it's a very dangerous sport. (Dieringer) I like learning new skills but it's hard to overcome challenges.

SEEK Language Arts teacher finally
discovers her real name after
seventeen years *by A. Dawn*
your name

"I think teaching is the best job just because you get to see students have an epiphany, and just a spark in their eyes."
Neana Lueck, Staff

Q: How long were you incorrectly spelling your name?
A: 17 years. Throughout my life, it bothered me that my mother couldn't remember my name. I forgive her though, because she was a young mother.
Q: What was your initial reaction?
A: I was mainly confused and upset. I believe that name is a big part of identity, so it really shifted my world.
Q: How did you figure this out?
A: I wanted my driver's license, so I asked

my mom for my birth certificate, but I saw a different name.
Q: Did you have any other names growing up?
A: Yes, ages eight through 13, my name was Adrian. I was also unaware of my middle name, so I chose Dawn. I liked Adrian Dawn because nobody could make fun of that name.
Q: How did this affect you?
A: Originally it affected me negatively, but after a while I liked it because it fit me and it was unique.

THE YEAR

Students inform us about their favorite part of the school year. photos by M. Henry

My favorite part about this school year was meeting new people, getting to learning about new things in classes, and playing volleyball for the school?
Adrienne Monaco, 08

My favorite part about this school year was making new friends because I was new to the school and I did not know anybody?
Brandon Bernie, 08

My favorite part about this school year was all of the holiday parties and the individual classes because I liked getting to work on fun activities and meeting new people?

THE YEAR

Students reflect on their greatest accomplishment this school year. photos by R. Thomson

"My greatest accomplishment this year was making and being in the auditions for the fall play. In the play Macbeth I was a soldier."
Wesley Heinrichs, 08

"One of my greatest accomplishments this year was being awarded one of the top 2% of young female athletes in Douglas County."
Aidyn Covington, 08

"Getting good grades was my greatest accomplishment this year. I got all A's every quarter in each class."
Abigail Broecker, 08

Logan Levy is writing down her conclusions from the experiment she did. *photo by J. Sparks 3. MADISON SNODDY is warming up before a game against Cresthill. "Playing volleyball is always fun, you get to*

meet new people and while playing something you enjoy," Snoddy said. *photo by M. Morrison 4. ON SEPTEMBER 7*, Andrew Welo yells in excitement for his team. "The best part about this is that we were able to come together and win the competition." Welo *photo by J. Cappato 5. DURING THE* yearbook class, Bella Alpert is balancing dice with a popsicle stick in her mouth. "It was a fun, hard experience and I laughed a lot, so the dice fell a lot." Alpert

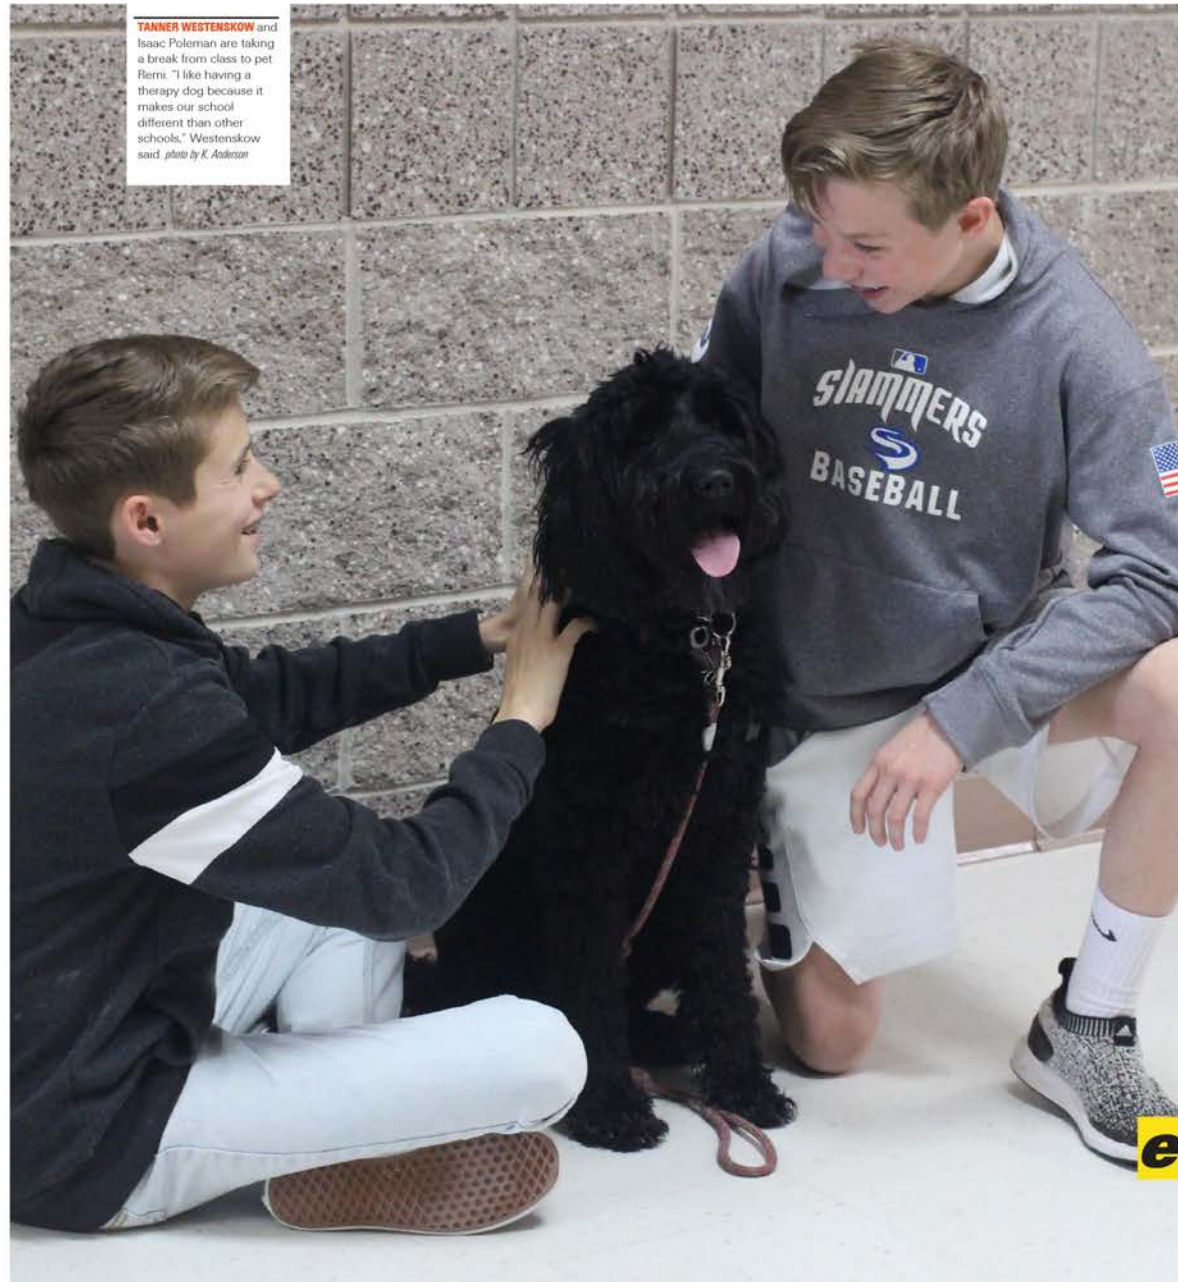

said. *photo by L. Atkins 6. IN SCIENCE* class, students are doing an experiment. Allie is trying to figure out the measure of the sugar in the tube. *photo by R. Smith back cover 1. JACKSON PARRILL* is running in a cross country race on September 10. He takes the lead in the race and wins by almost two minutes. *photo by J. Sparks 2. ON AUGUST 29*, Kaytn Anderson is participating in a team building activity for her yearbook class. "The activity was making

puzzles to teach us how to be a team in yearbook," Anderson said. *photo by J. Cappato 3. DURING THE* first Assembly of the year, teachers dressed up for a skit that was performed to all the students. *photo by L. Atkins 4. STUDENTS ARE* gathered together while practicing in an experiment. "We had to predict how much it would weigh and see if our prediction was correct," said Jones. *photo by R. Smith 5. ANIA DZENGLEWSKI* is flying through the pins as she hits and knocks

them down during the Eagle scream rally. "I felt excited rolling across the gym and hitting the pins and loved hearing my team cheering me on," said Dzenglewski. *photo by K. Anderson 6. ON OCTOBER 4*, Jordyn Hollenback is making fried pickles for her FACS class. "The most fun thing about FACS was learning how to cook," Hollenback said. *photo by K. Anderson*

Sierra Middle School

this is where you'll FIND IT

Just up the hill, on the east side of town.
You know the place. Do you know **WHAT HAPPENED HERE?**
It may be one of the **oldest BUILDINGS** in the district
But the student body couldn't be more *energetic.*
949 of us experienced this school year
(950 if you count Remi).
We didn't just go to school, we made **memories.**

We might ask you what your dream job is after the career expo
Because we **BELIEVE IN YOU!**
Don't know what you want to do?
career CORNER will help you explore the possibilities.
We know that the chocolate milk in the cafeteria is *divine.*
We also know that our **community** is always there for each other.
We've got sports teams that dominate and student leadership that rocks!
Don't worry, we've got this!

This is where you hold a fork to your eye at the Brooks Gibbs assembly
And shout, "**BULLY IN JAIL!**"
We're innovative, inspired, and sometimes, totally **ambitious.**
And activities? Yeah, we did that too.
Like when Elena Coons starred in the *spring MUSICAL,*
Or when student council made blankets to *donate* to charity.
We celebrate the student *and* the school,
Because we know that each of us defines all of us.

EDITORS NOTE: The 2019 yearbook staff would like to thank many people, especially our adviser, Jed Palmer, for pushing us to create the best yearbook we could. We would also like to thank Rebecca McGrath for giving us the advice we needed to make a better yearbook. Lastly, we would like to thank Herff Jones Publishing for giving us supplies and resources to make this book. Our yearbook staff would like everyone to remember to take your balloon breaths and never forget your tissues. When you're stressed, just go into a corner and slow dance to jazz. You asked for it so here it is. Don't forget about all those wiggles!
