HYBRID SAFETY PROCEDURES

What you need to know to stay protected

ENTERING THE BUILDING

- Students who **drive themselves** enter through the circle doors
- Students who are **dropped off by their parents** enter through the main office
- Students who are **dropped off by buses** will enter through the door closest to them: Dakota doors, Auditorium doors or pool doors
- **Teachers** will enter through the athletic doors

IN THE CLASSROOM

- Teachers will be working with students in **all cohorts**
- Teachers will be required to wear a **mask and face shield** at all times
- A **seating chart** will be created for each class for contact tracing
- Students are responsible for **cleaning their space** after class with dish soap, water and sanitizing wipes

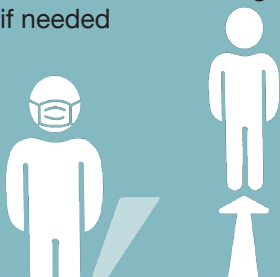

COUNSELING OFFICE

- **At least one counselor** and social worker will be available in the main Counseling Office everyday
- All counselors will be available **virtually**
- **Students who test** in the Counseling Office will still do so in larger spaces like conference rooms

HALLWAYS

- Students and staff are to always walk on the **right side** of the hallway
- Students are being asked to go **straight to class** and not linger in the hallways with friends or stop at lockers
- **Passes** are available for students to use during class if needed

MASKS

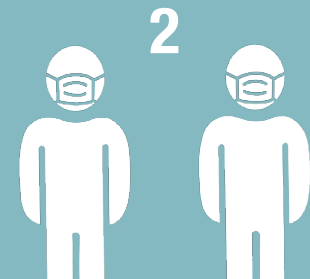

- Masks are to be **worn at all times**
- After **one** instance of not wearing a mask, a warning is given
- After **two**, a meeting with an administration
- After **three**, the student will return to distance learning

LUNCH

- All tables face one direction and students will be **sitting alone**
- Seniors have an open campus
- **Teachers determine** if students may eat lunch in their classroom
- Lunches are available to everyone for **free**

BATHROOMS

- Up to **two people** are allowed in the bathroom at a time
- The **stall doors** have been marked, so only two may be used at a time
- The **main doors** of the bathroom will remain open at all times
