BACK AND *better than ever*

The dance team opens their 2021-2022 dance season with exciting news and a big change to coaching leadership

Story by Shea Halpenny Design by Carolina Camus

The Hurricanettes had another exciting season, led by the new coach Tess Guidry. Tess was a member and coach of the Dallas Cowboys for five years. Her experience brought a new touch to the Hurricanettes. Every performance has been bigger and brighter, with the girls putting their all into every performance this year.

The girls also celebrated this year with three of their alumni making the Miami Dolphins Cheerleading team. Madi Brand, a first-year student and health sciences pre-med major, is a first-year rookie on the team. When asked what she was looking forward to most her first season on the team, Madi said "I am excited to continue my passion for dance throughout my medical studies and to have the opportunity to establish a sisterhood within a team of amazing girls."

LETS DANCE During football games, the Hurricanettes perform routines next to the student section. Their routines are danced to songs played the Band of the Hour. Photo courtesy of Tess Guidry
