*Malham Tarn, England: the black team of seventh-grade enjoyed an activity packed trip to Malham Tarn. They participated in hikes, abseiling, caving and climbing. Turn to page 13 to read all about it.*

Photo courtesy of sixth-grade

*York, England: sixth-graders in this trip focused on the UN goals of Industry, Innovation and Infrastructure, and Sustainable Cities and Communities. Some students went to York to investigate these goals. Read more about this trip on page 16.*

Photo courtesy of sixth-grade

*Flatford Mill, England: sixth-graders learned about the UN goals of Life on Land and Climate Action. Students stayed in the Grade I listed Water Mill, the perfect base to explore the heart of this Area of Outstanding Natural Beauty. They examined the biodiversity and conservation of the land, alongside creating art inspired their surroundings. As well as this, they took part in team-building and water activities during their stay. Turn to page 16 to read more.*

Photo courtesy of fifth-grade

*Calshot, England: fifth-graders traveled to Calshot to experience new things and bond with peers. Some activities include indoor skiing, biking in a velodrome, and participating in an indoor ropes course. Overall students had a blast in Calshot. Turn to page 14 to read all about Calshot.*

*Isle of Wight, England: sixth-graders focused on the UN goals of Climate Action and Life Below Water in this trip. Students stayed at an activity center next to the sea on the Isle of Wight, and learned about coastal erosion and how climate change is affecting our seas and coastlines. Read more on page 12.*

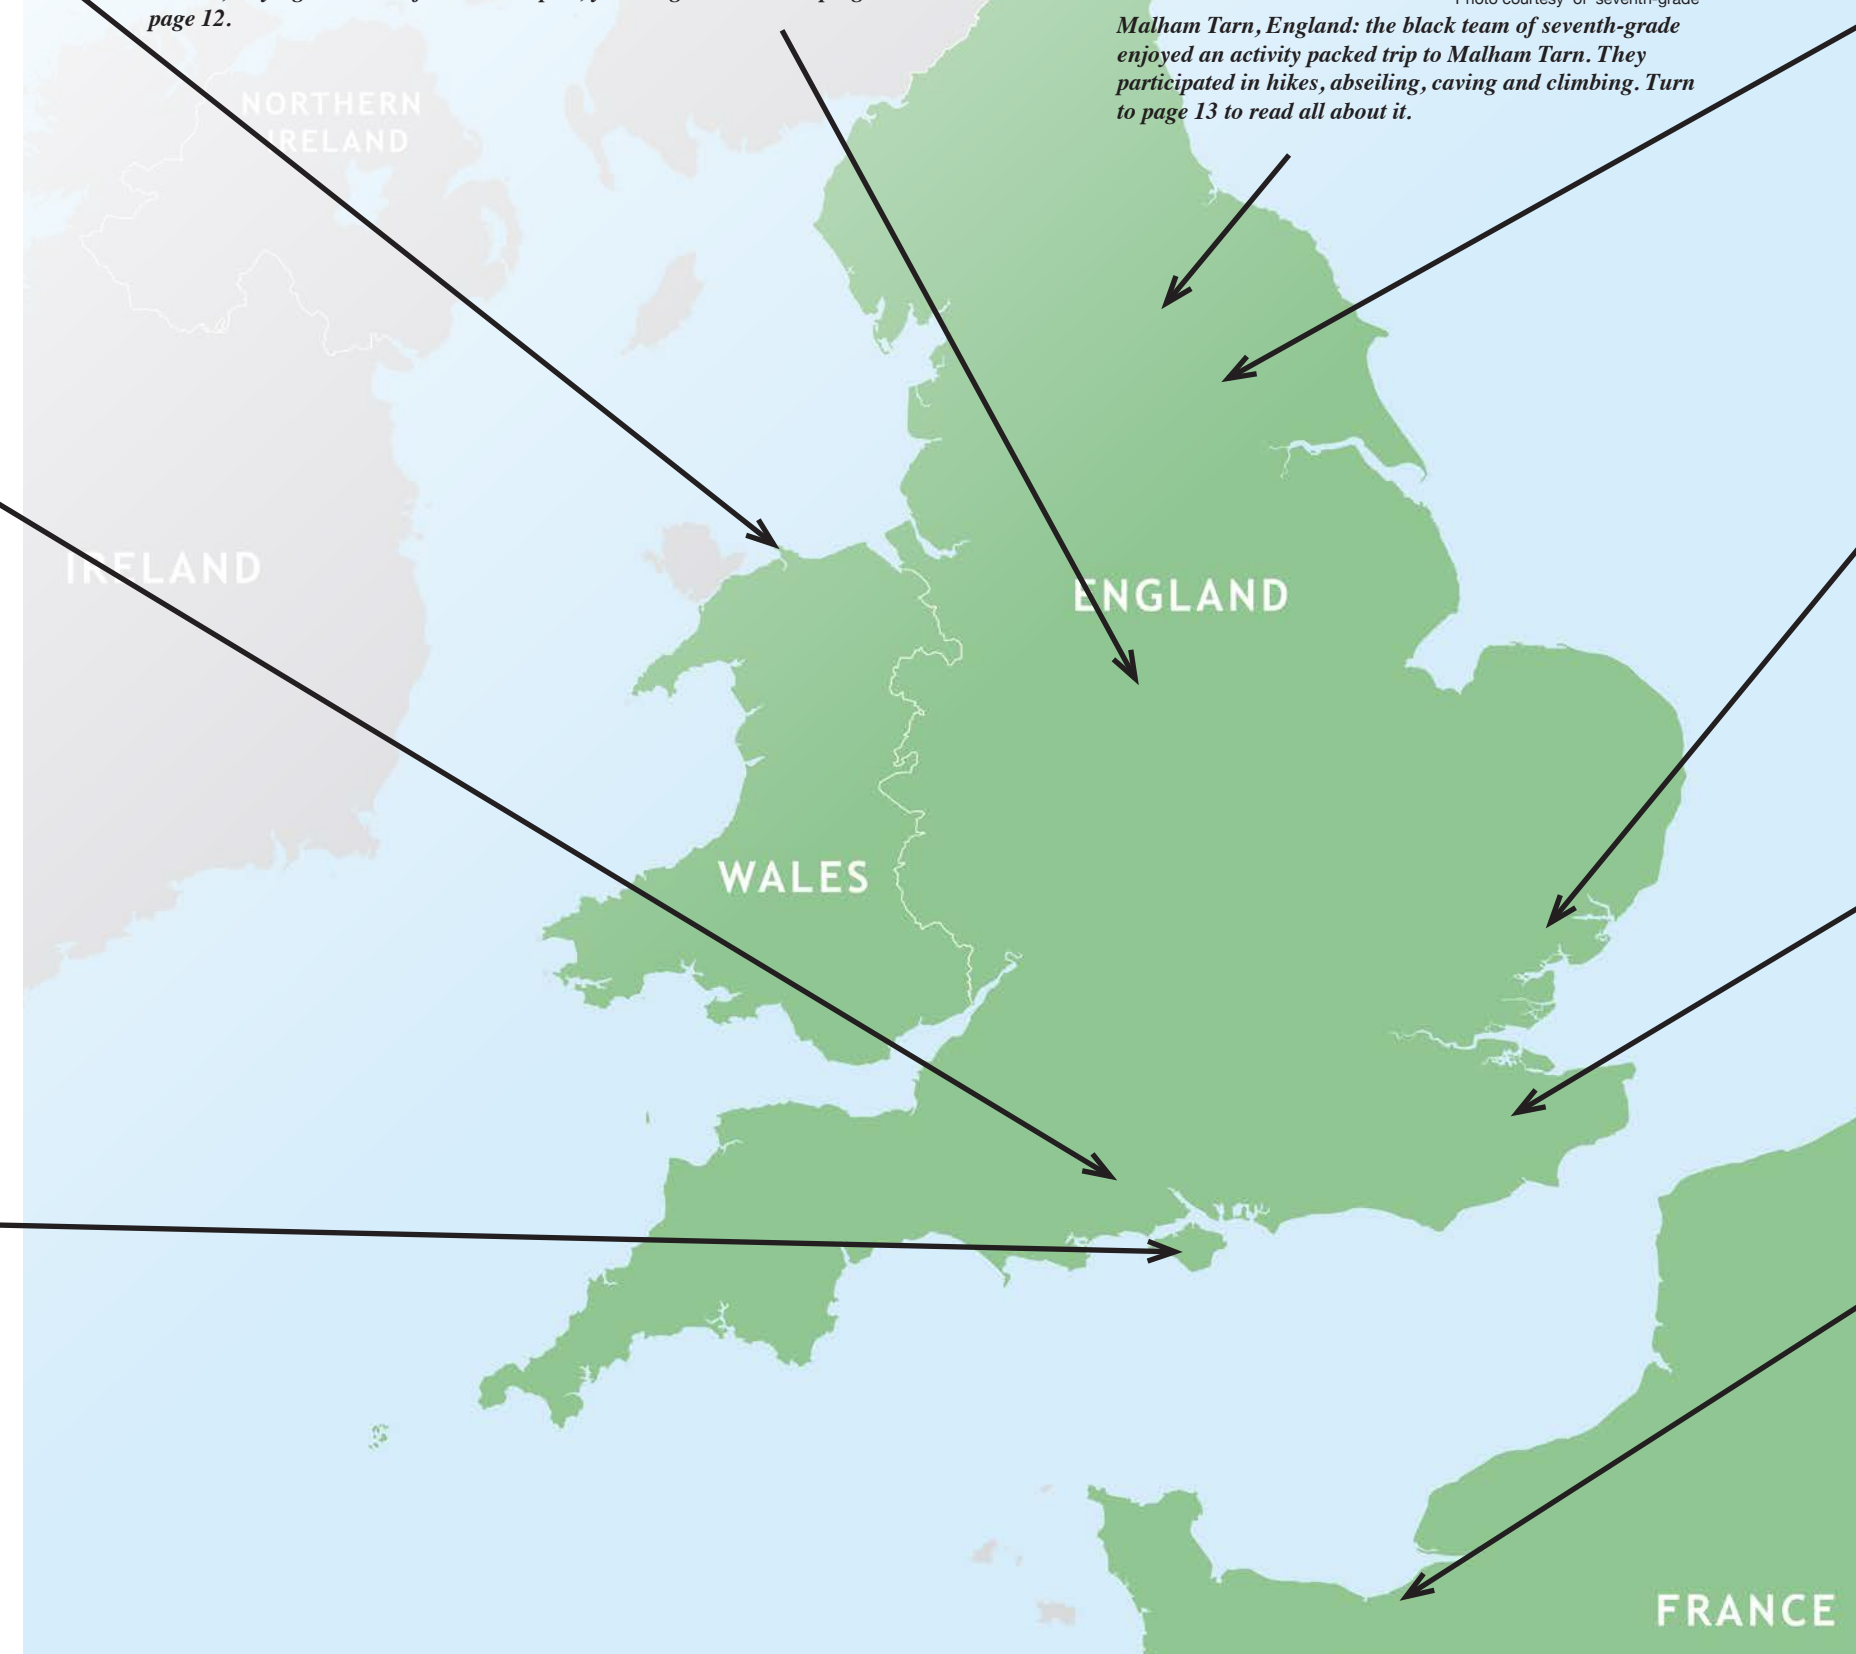

Photo courtesy of sixth-grade

*Kent, England: sixth-graders on this trip focused on the UN goals of Life on Land and Climate Action. Students stayed in an activity center in Ashford, Kent. As well as participating in team-building and challenge activities at the center, they examined animal life and biosphere conservation, and took part in educational activities at local wildlife parks. Find out more on page 14.*
