

WANT YOUR

COME TO THE PROGRAM AT 10 A.M.

"The child development room is a calm environment from 10 to 11:20 a.m. because we need to stay relaxed to keep the kids relaxed as well.

Tiny Cats is a program for preschool kids the Child Development II students run on campus. Being a part of something like this feels so cool. It feels really amazing to know I'm doing something for the youth.

I chose to be in child development because I've always liked helping people, especially kids. Helping all of the Tiny Cats kids learn new things is so rewarding. Seeing their excitement while learning from our activities and stations is very exciting.

I'm glad I decided to take this class because not only has it pushed me to be better on campus, but off campus too. I've learned so much about being a good role model and have realized how important it is to be one. The program has definitely pushed me to do better in all aspects of life."

COME TO THE AMPHITHEATER AT 11:20 A.M.

"The amphitheater is like a huge gathering place at 11:20 a.m. and 12:45 p.m. for everyone to come together and have fun while supporting one another.

As the Voice of Whitney, I love the amount of fun I have being in this position, as it allows me to have a positive voice in school. Having the

opportunity to hype up the student community and set the spirit high for games and events feels very rewarding.

It can be stressful at times leading the crowd at lunch activities, but that is a part of anything in life, and if it means helping someone feeling more involved, it is worth it."

AS TOLD BY **BOSTON GRAF**

"The gym is huge and is always filled with vibrant energy, especially at 7 p.m. because that is when our [men's varsity basketball] games start.

People come in to support me and my team and cheer us on while we play. It's

also where I spend a lot of time practicing to improve my skills as a player.

It feels good to be a part of the team since I feel like we are all a family and everyone gets along so easily."
