# ALL THINGS... BRENNAN

The Legendary Playlist is a project featuring seniors' favorite songs nominated through a Google Form

**I WANT SENIORS** to look back on this and listen to old music they listened to as a kid and remember songs they listened to with their friends. And I also wanted to learn more about seniors I've barely talked to.

**100** **7**  
 songs hours long  
 published the day before graduation

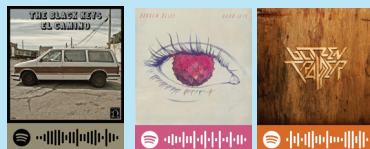

SENIORS: fill out this google form in order for your song to be added

THE PLAYLIST

After performing at Mr. CANSas, Brennan showcases yet another musical talent: singing

**IT WAS ALL** a first. First time singing in front of an audience, playing my guitar for the first time and performing for the first time in front of people I really know. I was so nervous, but I practiced for months before so I kinda just said 'I'll be fine if I don't think about it.

THE MUSICIAN

Brennan makes street art-inspired pieces

**THE CHARACTER**

Miles Morales [from Spiderman] is into street art and gets the 'hello my name is...' stickers and slaps them around NYC. I thought it would be cool to get some of those for practice, and I wouldn't slap them anywhere, but I got this journal and put them in there as a reference book, so if I ever want to a big version of them, I could.
