## NEW SCHOOL TIMES

*New bell schedule causes mixed feelings*

"I like it because I play tennis, and it allows me to get home earlier to do my homework instead of getting home later and getting no sleep."  
KINZA MERCHANT, 11

"It's definitely a change having to wake up earlier. I always feel really unmotivated in [my] first and second period [classes]. It's a struggle to just keep my eyes open."  
JACKSEN NANCE, 11

## TECHNICAL LUNCHES 2

*Campus drops "C" lunch*

"I like just having two [lunches]. The lines are longer, but you get more of a chance to [have the same lunch as] your friends, and that's what I like the most."

JASMINE BANDA, 12

"I really don't think it was a good idea because now, instead of splitting all the thousands of kids that we have in our school into three different groups, now we [only have] two."

RILEY LEWIS, 11
