

IN SYNC. With violin in position, Kasey Sparks (8) performs "Skeleton Waltz" at the Monster Mash concert on Oct. 26. Eighth grade students dressed up in their Halloween costumes and played four Halloween-themed songs with the Fayetteville High School orchestra. "I had to ensure I was playing at the right volume and tempo so my music would be in sync with everyone else," Sparks said. PHOTO BY LOGAN DAVIS

basically, did you do the homework?
academics and student life

You **BASICALLY** started your mornings with a **greeting** from Mr. Petrone, "It's a beautiful day for math."

Even though you were tired, you **DID** have to stand up to hear the **National Anthem** blare through the speakers every Friday

Or the time **YOU** stayed up late to **complete** your Bio Beast in your Seventh Grade Science class.

Trying to decide if you should **DO** your Typing Club assignment now or after you hang out with your **friends**.

When **YOUR** entire night was spent picking out which blue shirt to wear for Thursday's **Blue Out** football game.

Standing in front of the gym on a brisk Wednesday morning struggling to **remember** if you finished all of your **HOMEWORK**.
