THAT'S MATCH POINT! C-Team celebrates a victory. A very intense game was had between Haskett and Stockdick Junior High's eighth-grade girls volleyball teams. Kara Mitchell/C stated about the game, "I felt very excited because I wanted to win against Stockdick, very badly, because I used to go there and it was a very stressful game." As pressuring as it was the 8C girls volleyball team still pulled through at the end with a winning serve by Leila Sosa/C (33). Leila said, "It was a pressuring game mostly because Stockdick is known as our rivalry team and it was very nerve-racking."

THIS SCHOOL YEAR PROVED TO NOT BE **the SAME**

We started this school year out with our "Husky mentality" of striving for excellence. We came back to achieve our goals and to maintain greatness.

School began and it was the same schedules, but something looked a little different. We now had 4 lunches, which would effect class sizes and would spurn the question of "is that our bell?"

For the first time our fine arts put on a musical and we "Decked the Halls."

Athletics had the same uniforms but a new attitude and won many district titles.

We had new students and teachers but their was nothing different about our drive to be the best and strive for greatness.

We are the same... **BUT DIFFERENT**
