IS NOT YOUR
TYPICAL HIGH
SCHOOL
YEARBOOK.

It's not just a collection
of **pictures** and **names**
that are laid out along
countless pages.

this is our story
(it's all right here)

With every passing day, our campus became **unfamiliar** to us.

The face of our school, once so **distinct**, began to *evolve* into something new.

BUILDING
CREWS
TOOK
OVER

our
LUNCH
SPACES,

our
PARKING
LOT,

our
FIELD

THE STORY / Members of Student Government raise the flag on Nov. 11 after the flag retirement ceremony. Burning the flag on Veteran's Day was a ceremonial and honorable way to celebrate the lives of those who have risked everything for their country. "I felt honored to be a part of this tradition and to be able to recognize the importance of Veteran's Day," junior **Sofia Molinari** said. Photo by Daniel Lara

Though we experienced dusty hallways and ceaselessly booming echoes as drills dug into our grounds,

**we
were
unstoppable**

We **cheered** at the first day pep rally and watched as seniors raised Tej Shah above the crowd when he won the rock, paper, scissors contest.

We **celebrated** our countries' wins at the Student Union as FIFA frenzy swept over our campus.

We **gathered** to celebrate our cultures and identities during the Chinese New Year, Black History Month, and It's a Small World events.

moments matter most.

From the **big** ones like the boys varsity soccer team bringing home the gold from states,

to **small** ones like bringing floaties during Spirit Week,

we WROTE
THE STORY
OF OUR YEAR.

AND NO,
it wasn't typical,
(but it was ours).

SO HERE
WE GO.

THE STORY / smiles as the crowd cheers for her during the Chinese fashion show at the Lunar New Year celebration on Jan. 25. The Chinese Club held their celebration during advisory in the atrium. The fashion show featured traditional dress throughout the Chinese dynasties. Photo by Daniel Lara

THE STORY / Senior **Alessandra Peña** gives supportive advice as a mentor to a child at the Inclusion Theatre Program. She choreographed dances for Area Stage Company for children with developmental disabilities. "I have been doing this for a while, and each year I cherish it more and more," Peña said. Photo provided by Irma Becker, Area Stage Company

“

Although I was supposed to be teaching them, I felt like they taught me so much more about who I am as a person and as a dancer."

Summer

Scan here for more of our summer story!

THE STORY / Sophomore **Ian de Haan** completes a chemistry assignment in science teacher Owen Caddy's class. De Haan used his periodic table for reference. "My favorite part of this class is when we do labs because they are very interactive; they were something I enjoyed to do at my old school too," de Haan said. *Photo by Chiara Zecchini.*

“

I moved from California to Miami over the summer and started at Gulliver this fall. When I first came here, I felt out of the place, because I was in a different environment. However, the teachers and students were very welcoming, and now I love this community.”

/ Ian de Haan '25

Fall

Scan here for more of our fall story!

Scan here for more of our winter story!

THE STORY / Sophomores **Kayla Alonso**, **Cristobal Garcia**, and **Ashley Garcia** gather outside in the 200s wing between classes to discuss the World Cup games taking place that day. FIFA frenzy took over campus during the World Cup finals. Students from all different nationalities showed up with their country's jerseys to cheer on their teams. *Photo by Charlotte Nedee*

“

It's so cool that the World Cup is taking place during the school year. I love discussing the different games with my friends. It's fun to see everyone wear different jerseys to represent all of the different countries they're from. Everyone is so full of energy!"

/ Kayla Alonso '25

Winter

THE STORY /Sophomores **Carolina Febo, Helene Froes Hermann, Amelie Santini, Olivia Bueno,** and **Sophia Varabyeva** work on origami designs. Santini wanted a variety of designs for a video that she was preparing for the STN Spring Convention. "It was fun to help Amelie because I enjoyed being able to spend time with my friends and laughing with them as we all attempted to make origami," Varabyeva said. *Photo by Daniel Lara*

Scan here for more of our spring story!

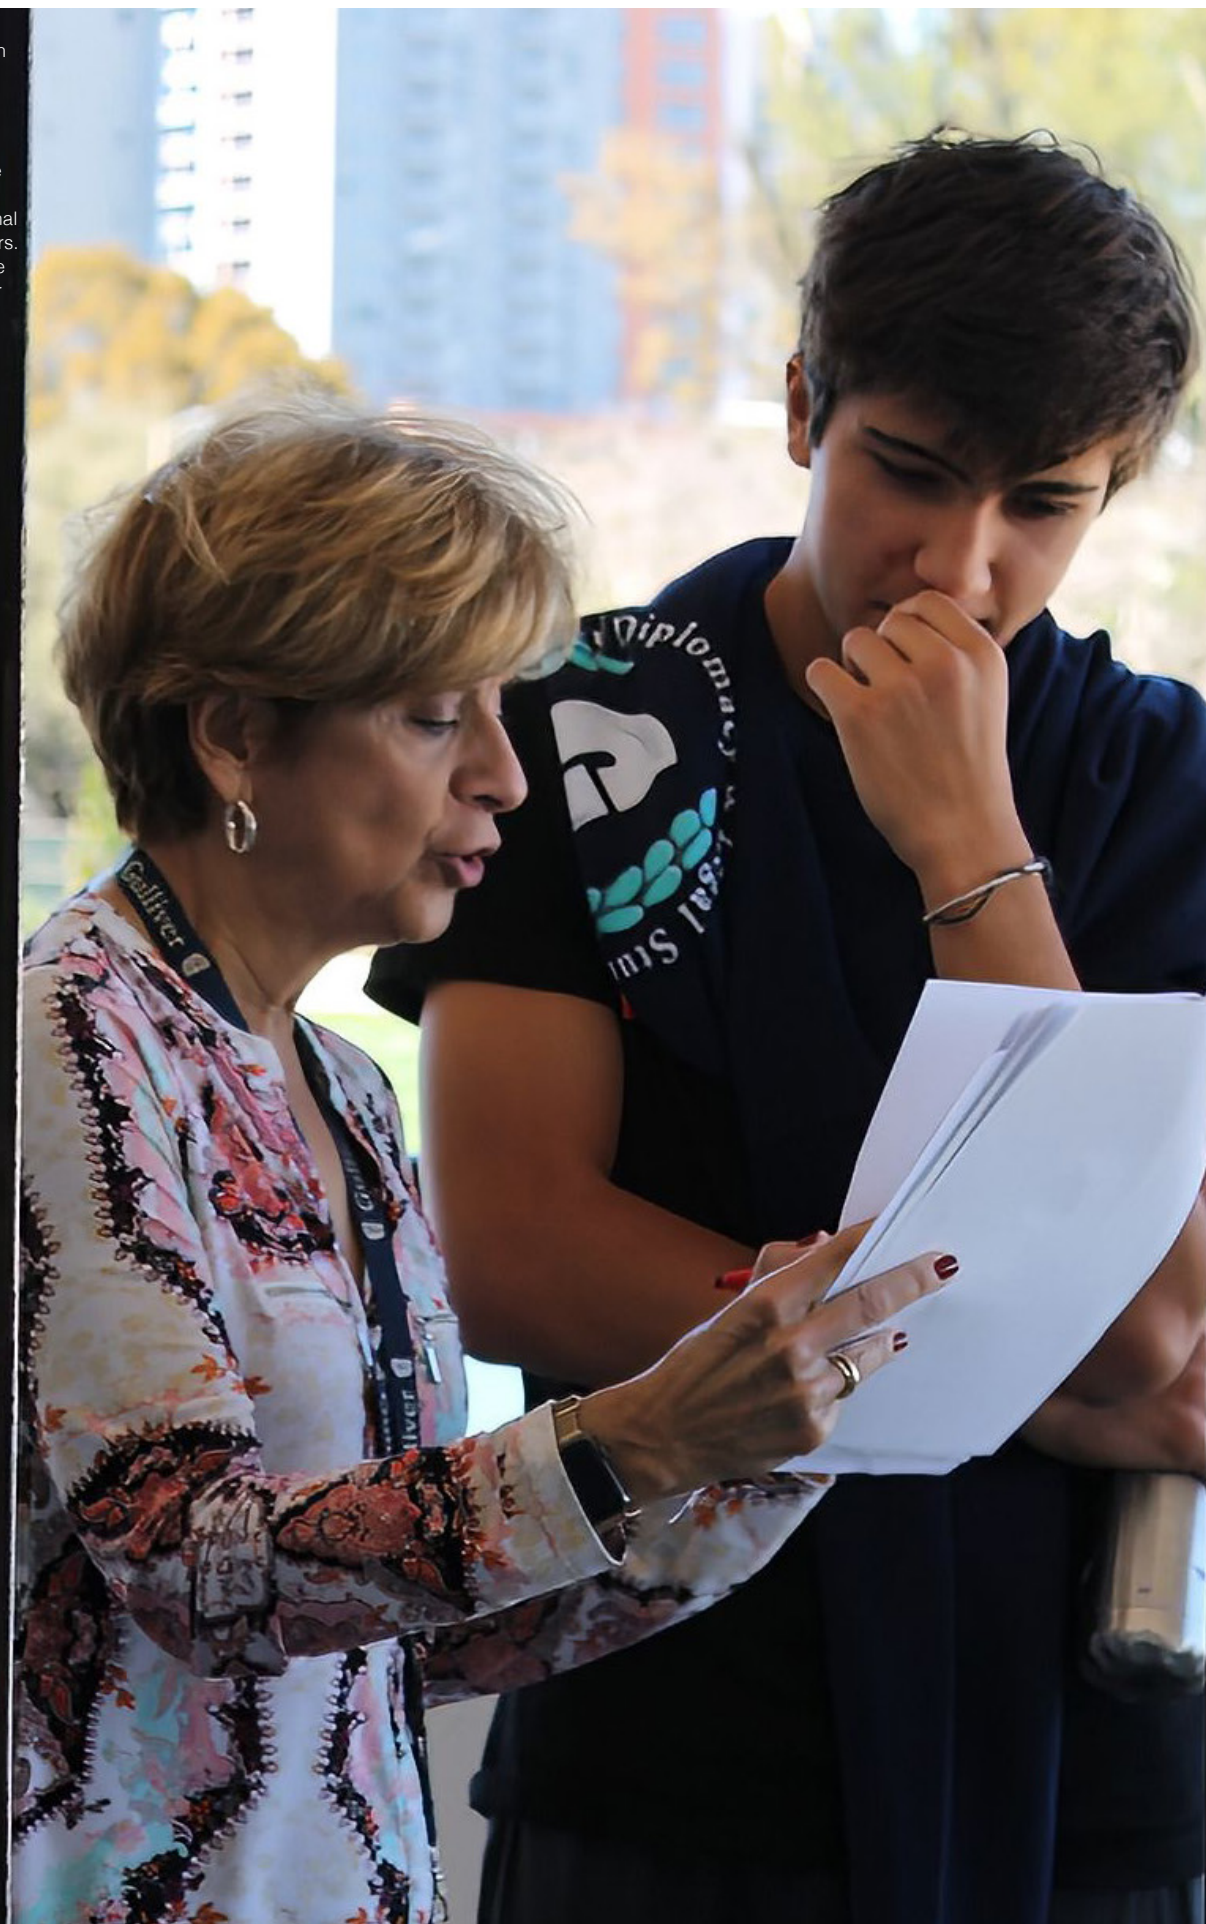

“

Origami was a lot harder than we thought but it was fun figuring it out with my friends.”

/ Amelie Santini '25

Spring

THE STORY / Senior Max Bendix talks with math teacher Alina Armada about his IB internal assessment. She gave him tips so that he could improve his paper before submitting it as the final draft. "I appreciate Mrs. Armada, because she really cares about her students' success," Bendix said. Photo by Daniel Lara

so you
may
think

this right here

is the
end
of our
story

*(but really,
it's just the beginning...)*

this
night
here

/made
up our
story...
