

COLLEGE DORM ESSENTIALS

by **LAUREN CHANG**
staff writer

The 2023-24 school year is coming to an end and many graduating seniors are headed to college. Housing

is on many people's radar and if you stay in a dorm, you must know how to maximize the limited space and make it feel like a home. Here are some helpful tips for knowing what to pack for your dorm.

Wall decor

Adding pictures and decor on the walls can make your dorm feel more like home, and it is a great way to show off your personality.

Vertical hangers

Vertical hangers are a great way to maximize closet space and organize your clothes!

Corkboards

Corkboards and whiteboards are useful for calendars and keeping track of important events or days (especially if both you and your roommate(s) need to remember them).

Mattress toppers

Mattress toppers are a great way to support your neck and back at night. They also make the firm dorm beds more comfortable!
