DRESS UP  
32

"I dressed up as the nineties. I did two thousand last year and a bunch of people were doing nineties this year so I decided to do it and my friends and I wanted to make a tik tok from a sound that went viral last year. It wasn't really hard to find the clothes because I have a lot of baggy clothes and I just borrowed a shirt from my dad, so I think it was pretty easy."

PARADE  
33

"The parade was stressful because me and my sister were put at the front of the marching band and we had to lead and set the pace of the parade. A lot of it was us listening back to [band director Barbara] Baker and glancing behind at the band to see if we were too far ahead or if we were going too slow."

DANCE

"We were nearly late to homecoming. Ryan Levine was taking pictures, he was just being an overall silly little guy. I decided to put some guy on my shoulders, and we were just having a grand old time."
