

Child of Magnolia

Kat

KYRA SIEGEL,
physical media and poetry

Light protrudes through your skin
in hues of rose and gold
You sway softly like satin
peace you aim to uphold
Though storms attempt to strike
child of magnolia
you shall endure

In the Making

Magnolias are my absolute favorite flowers because they represent perseverance and strength. Magnolias are survivors; they are unwavering during times of great difficulty. I am a magnolia, and so are you.
