

# A PLAY- LIST:

## FOR A RAINY DAY

BY JENNA JARJOURA

### FEATURED: Daisy by Choker

#### *A Necessity*

If you don't have this song in any of your playlists, add it NOW. "Daisy," an underrated song in Choker's album "Honeybloom," is a collection of mumbled lyrics that are worth learning. The song refers to a daisy, which is symbolic of new beginnings, transformations and purity. The six minute song has repetitions of "I was seeing life daisy, everything daisy, petal push daisy." This repetition is then cut off by an abrupt change — a transition. Choker changes the pace of the song from a slow, soft tone to a new, more upbeat sound that acts as a transformation from the beginning.

Spill the Milk  
- **Eartheater**

Where Does the  
Love Go? - **Maria Isabel  
& Yeek**

Swim - **Valley**

N Side - **Steve Lacy**

## FOR A SUNNY DAY

### FEATURED: Dreams by Fleetwood Mac

*The Ultimate Oldie  
But Goodie*

Fleetwood Mac's most popular song, "Dreams," released in 1987, is the perfect song to play on a beautiful, sunny day. The album "Rumours" was created during times of despair for Fleetwood Mac, as partnerships and marriages were coming to an end. "Dreams" tells a story of loneliness and the remembrance of better times. The contradicting sound that replicates a winding road allows you to get lost in the song.

#### TRACK LIST

Cabin Fever - **Jaden**

Playground - **Steve Lacy**

Post Humorous - **Gus Dapperton**
