One of these new stars is Olivia Moreno, who has been playing golf his freshman year. "I was playing golf since I was 11," she said. "I would go to the range every single day and tell myself to keep a positive attitude."

Along with the boy’s golf team at Bowie, and the 3F Wrestling team outside of school, as well as the Bowie Wrestling team, she can be seen practicing with her peers.

“Olivia likes to dance, literally and figuratively,” Moreno said. “She makes practice so fun and interesting. She makes me want to succeed. She’s just a great family and friend to have. She’s happy all the time. Her competitiveness and its fire. It’s not just in the ring, but everything she does.”

“Her first love for the sport started with her mom and I think she also helps her (with her techniques) and ways to do it. Moreno said that she wants to make her a part of the school wrestling program, and will depend on her competitiveness and its fire. It’s not just in the ring, but everything she does. She makes practice so fun and interesting.”

"The greatest challenge I have faced this year was being able to compete against other state champions. It helped me see where I am as a wrestler and toughened me up. But every time I go up against them, it makes me want to beat me. I just have to know I can do it. Moreno said that she wants to stick with her goals this season coming up and see if she can make it to another championship."
